CON NOTES JUNE 2026

Certificate of Need (CON) Third (3rd) and Subsequent Extension Requests

The Department has developed a new process for CON Third (3rd) and subsequent extension requests. After two (2) staff extension have been granted, the CON holder may request CON 3rd and subsequent extension requests from CON staff. The CON 3rd and subsequent extension requests to the Department must be made at least three (3) months prior to the expiration of the CON and must contain justification for such extension. The CON staff will use S.C. Code Section 44-7-230(D) and Regulation 60-15, Sections 601, 602, and 603 to determine if the CON holder has extenuating circumstances beyond their control for the cause of the delay and demonstrated substantial progress as outline in Regulation 60-15. CON staff will make an extension determination for up to a nine (9) month period. Upon CON staff determination, CON 3rd and subsequent extension requests will be submitted to Healthcare Quality's (HQ) Office of General Counsel (OGC) for review. HQ's OGC will review the CON staff determination and provide a response for CON staff. After receipt of HQ's OGC response, CON staff will render a decision of either:

- a. If approved, CON staff will prepare the issuance packet for a new CON expiration date of up to nine (9) months.
- b. If denied, CON staff will prepare a denial letter.
