SOUTH CAROLINA DEPARTMENT OF PUBLIC HEALTH

Placement of Centanafadine in Schedule III for Controlled Substances

WHEREAS, pursuant to S.C. Code Section 44-53-160(C), the Director of the South Carolina Department of Public Health shall designate a substance as a controlled substance by scheduling it in accordance with an order effecting federal scheduling as a controlled substance;

WHEREAS, on July 24, 2026, the U.S. Food and Drug Administration (FDA) approved a new drug application for Simtriyo (centanafadine) for the treatment of attention-deficit/hyperactivity disorder in adults and pediatric patients aged 6 years and older, weighing at least 20 kg;

WHEREAS, the U.S. Department of Health and Human Services provided the U.S. Department of Justice, Drug Enforcement Administration (DEA) with a scheduling recommendation to place centanafadine, chemically known as (1R,5S)-1-(naphthalen-2-yl)-3-azabicyclo[3.1.0]hexane, in Schedule III of the CSA;

WHEREAS, pursuant to the Improving Regulatory Transparency for New Medical Therapies Act, the DEA commenced an expedited scheduling action as provided for in 21 U.S.C. 811(j)(3);

WHEREAS, the DEA issued an interim final rule placing centanafadine, including its salts, isomers (whether optical, positional, or geometric), and salts of such isomers whenever the existence of such salts, isomers, and salts of isomers is possible, in schedule III of the CSA effective October 30, 2026, F.R. Volume 91, Number 209, pp. 68470-68477;

THEREFORE, the Department of Public Health adopts the federal scheduling and places centanafadine, chemical name (1R,5S)-1-(naphthalen-2-yl)-3-azabicyclo[3.1.0]hexane, also known as Simtriyo, including its salts, isomers (whether optical, positional, or geometric), and salts of such isomers whenever the existence of such salts, isomers, and salts of isomers is possible, into Schedule III of the South Carolina Controlled Substances Act, at Section 44-57-230 of the South Carolina Code of Laws.
