

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Southeast AIDS Education and Training Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Southeast AIDS Education and Training Center has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 1 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

As a Jointly Accredited Organization, Southeast AIDS Education and Training Center is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Southeast AIDS Education and Training Center maintains responsibility for this course. Social workers completing this course receive 1 continuing education credits.

Southeast AIDS Education and Training Center is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at [ADA.org/CERP](http://ADA.org/CERP).

Southeast AIDS Education and Training Center designates this activity for 1 continuing education credits.

Concerns or complaints about a CE provider may be directed to the provider, or to the Commission for Continuing Education Provider Recognition at [ADA.org/CERP](http://ADA.org/CERP).

# Got PrEP?

The purpose of PrEP (pre-exposure prophylaxis) Awareness Week is to increase PrEP awareness, access, and uptake in South Carolina. The first HIV antiretroviral medication used to prevent HIV was approved by the FDA in 2012, but in 2024 South Carolina still has limited PrEP uptake. As reported by the Centers for Disease Control and Prevention (CDC) in 2022, South Carolina had over 10,000 individuals eligible for PrEP, but only 3,500 individuals were prescribed PrEP. Please join us for daily webinars to learn more about prescribing PrEP.

This event supports South Carolina's Ending the Epidemics (EtE) initiative, a statewide campaign to eliminate new cases of HIV, STDs, viral hepatitis, and substance use disorders by 2030. PrEP Awareness Week activities include webinars for providers, sexual health sessions for college students, and FREE HIV/STD testing.
