

Reproductive Health:

South Carolina's Family Planning Preventive Health provides high quality and confidential reproductive services to women, men and teens. You can receive quality health care at affordable rates. Your rate is based on a sliding fee scale and you pay according to your income, family size, and insurance.

Family Planning Preventive Health services include pap smears according to screening guidelines, providing birth control services as requested, dispensing emergency contraception, pregnancy testing, abstinence education, sexually transmitted infections (STI) screenings and treatment, and much more.
