Virologic Surveillance

This week **1083** lab-confirmed tests were reported. In the current flu season, there have been **2048** lab-confirmed tests reported.

Influenza-Like Illness Surveillance

The percent of patient visits to sentinel providers for an influenza-like illness (ILI) was **4.3%**, which is **above** South Carolina's baseline (**3.6%**). The ILI activity level overall was **high**.

Influenza-Associated Hospitalizations

This week **41** influenza-associated hospitalizations were reported by **38** hospitals. The cumulative hospitalization rate is **1.6 per 100,000**. In the current flu season, there have been **80** influenza-associated hospitalizations.

Influenza-Associated Deaths

This week **1** influenza-associated death was reported; however, the death occurred during a previous week. The cumulative mortality rate is **0.0 per 100,000**. In the current flu season, there has been **1** influenza-associated death.

Influenza Virus Coinfection⁵	1(0.1)	4(0.2)	0(0.0)	0(0.0)	0(0.0)

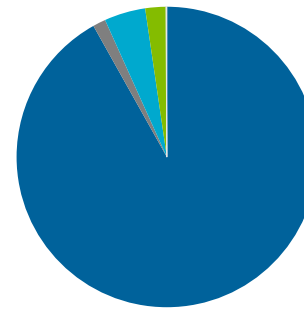

*Data presented from previous influenza seasons represents the data from that season through the same week as the current season. Nationally, the influenza season begins with MMWR week 40 and ends with MMWR week 39. The 2022-23 influenza season began on October 2, 2022 and will end on September 20, 2023.

**NS - not subtyped +LND - lineage not determined

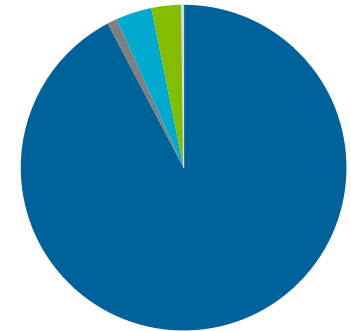

⁵Cases with more than one influenza A subtype in the same sample or with influenza A and B viral types in the same sample simultaneously.

Influenza-Like Illness (ILI) Surveillance

This week, the ILI activity level was **moderate** and **4.3%** of patient visits to SC ILINet providers were attributed to an influenza-like illness. This is **above** the state baseline of **3.6%**.

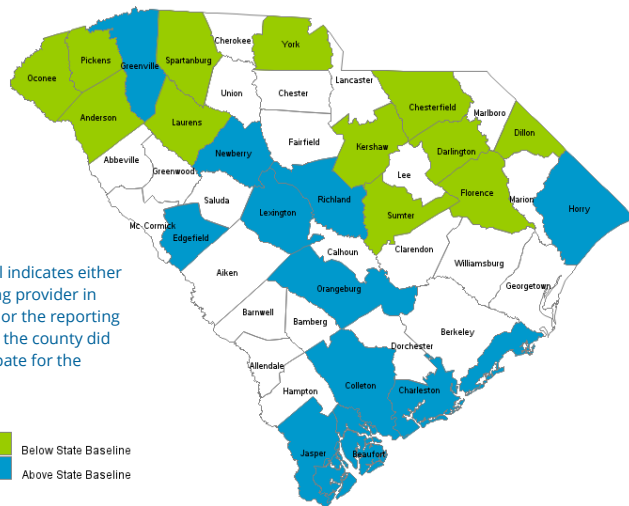

Reports were received from providers in **21** counties, representing all DHEC Public Health regions.

ILI percentage is dependent upon the number of reporting providers and/or can vary by disease activity or the number of providers submitting reports.

Percentage of Influenza-like Illness (ILI) Visits Reported by Sentinel Providers for Past and Current Seasons

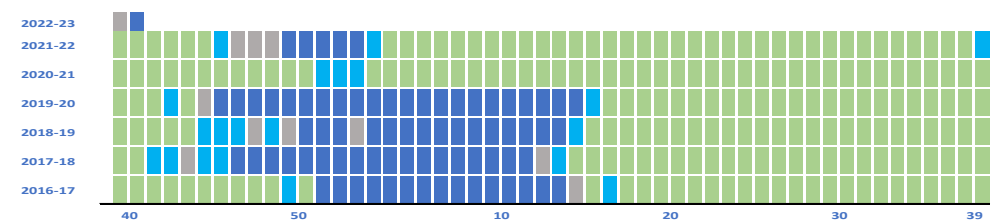

County ILI Percent

No color fill indicates either no reporting provider in the county or the reporting provider in the county did not participate for the week.
