

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Southeast AIDS Education and Training Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Southeast AIDS Education and Training Center has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 1 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

As a Jointly Accredited Organization, Southeast AIDS Education and Training Center is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Southeast AIDS Education and Training Center maintains responsibility for this course. Social workers completing this course receive 1 continuing education credits.

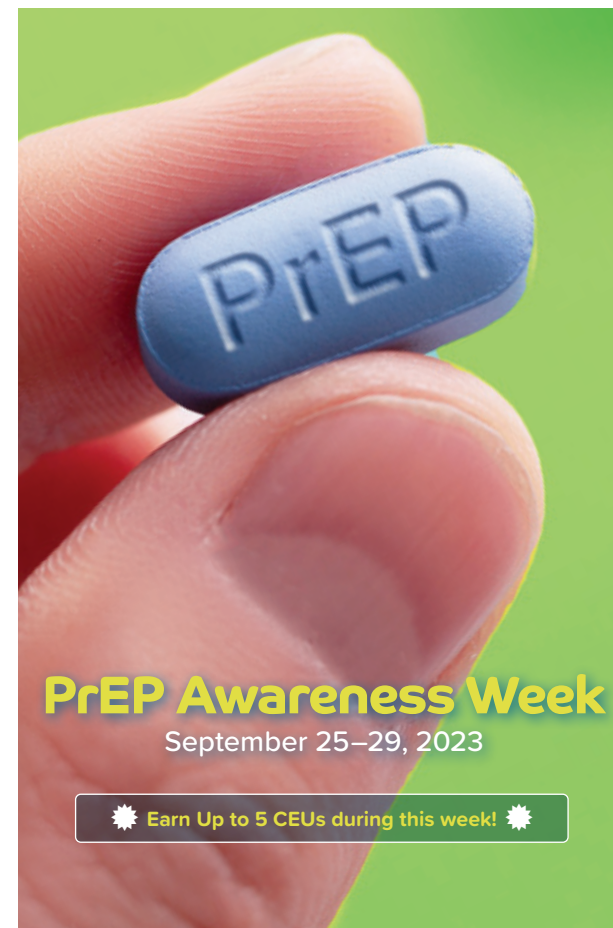

Southeast AIDS Education and Training Center is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Southeast AIDS Education and Training Center designates this activity for 1 continuing education credits.

Concerns or complaints about a CE provider may be directed to the provider, or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Got PrEP?

The purpose of PrEP (pre-exposure prophylaxis) Awareness Week is to increase PrEP awareness, access, and uptake in South Carolina. The first HIV antiretroviral medication used to prevent HIV was approved by the FDA in 2012, but in 2023 South Carolina still has limited PrEP uptake. As reported by the Centers for Disease Control and Prevention (CDC) in 2022, South Carolina had over 10,000 individuals eligible for PrEP, but only 3,500 individuals were prescribed PrEP. Please join us for daily webinars to learn more about prescribing PrEP.

This event supports South Carolina's Ending the Epidemics (EtE) initiative, a statewide campaign to eliminate new cases of HIV, STDs, viral hepatitis, and substance use disorders by 2030. PrEP Awareness Week activities include webinars for providers, sexual health sessions for college students, and FREE HIV/STD testing.

Questions?

Tia Robinson, DNP, APRN, WHNP-BC
(she/her/hers)
PrEP Program Manager
STD/HIV Division, SC DHEC

This educational event is for primary care physicians, nurse practitioners, physician assistants, pharmacists, nurses, social workers and other health care providers.

Goal:

To enhance capacity of participants to deliver high-quality care to individuals desiring PrEP.

Educational methods:

Webinar presentations with time for questions and answers.

Please register at seaetc.com/calendar for provider trainings and continuing education credits.

Monday, September 25, 12-1pm EST

Opportunities for Prevention at the Intersection of HIV and Mpox Diseases

Marco Tori, MD, MSc LCDR; US Public Health Service, Epidemic Intelligence Service Officer, CDC; DHEC

Objectives:

- Understand populations affected by Mpox and HIV in South Carolina.
- Describe interventions for prevention of Mpox and HIV in this population.

Tuesday, September 26, 12-1pm EST

Integrating PrEP Services into Primary Care

Kamla Sanasi-Bhola, MD; Clinical Assistant Professor of Internal Medicine, University of South Carolina

Objectives:

- Discuss the identification of PrEP candidates.
- Explore the barriers to PrEP provision in primary care settings.

Wednesday, September 27, 12-1pm EST

PrEP: It's Not Just for Men

Ada Stewart, MD; Family Medicine; Cooperative Health

Objectives:

- Discuss disparities and barriers to Pre-Exposure Prophylaxis (PrEP) utilization.
- Discuss potential solutions to address the disparities and barriers to PrEP.

Thursday, September 28, 12-1pm EST

Injectable HIV PrEP

Kenric B. Ware, PharmD, MBA, AAHIVP, Mercer University, College of Pharmacy

Objectives:

- Discuss safety and effectiveness data of injectable cabotegravir versus oral tenofovir/emtricitabine-based PrEP therapies.
- Evaluate access and utilization data of injectable cabotegravir on a local, regional, and national level.
- Assess clients' self-reported perceptions of injectable cabotegravir and its value to individualized care.

Friday, September 29th, 12-1pm EST

PrEP and Sexual Health

Sarah Wright, Psy.D, CST/S; Psychologist, Counseling and Psychiatry, University of South Carolina

Objectives:

- Recognize the importance of understanding sexual health in clinical practice.
- Describe and discuss the PLISSIT model and its application in a medical setting.

Earn up to 5 CEUs during this week!

Other Events and Activities During the Week

Monday through Friday

FREE HIV testing at college campuses throughout South Carolina.
