**Note 1:** Cumulative received doses with increases or decreases for doses transferred. Doses Received are updated on Mondays based on CDC VTrckS vaccine ordering data for ordered doses; and the day after distribution for doses distributed by DHEC's Redistribution Site.

**Note 2:** For receiving organizations that operate multiple providers, shown are the individual provider portions if reported to DHEC; or approximations based on administered doses ratios.

**Note 3:** Data reported to DHEC's SIMON immunization database; or the federal VAMS database. Providers have up to 24 hours to submit administration data to either system.

**Note 4:** DHEC's inventory was based on 5 doses per vial prior to 2/21/21; after which the allocation system acknowledged that providers were able to get 6 doses out of the same vial with the supplied syringes. It has been reported by some facilities that they are able to a 7th doses per vial. These factors can cause a utilization > 100%.

**Note 5:** These are administrations that were reported to DHEC's SIMON immunization database by a provider without an assigned provider identification number. DHEC is working with these providers to complete enrollment and the administrations will be added to the table once enrolled.
