

The Stroke Club-Stroke Support Group

Stroke survivors face many challenges as they return to everyday life. Join other survivors and their caregivers to share information, find resources, solve problems and celebrate victories. Survivors at all stages of recovery are welcome, as are their caregivers and others interested in stroke recovery.

We meet in the **3rd floor conference room of Roger C. Peace Rehabilitation Hospital at 3:30 p.m. the last Thursday of the month.** Both survivors and family members are invited to attend.

Please contact Whitney Coe at Whitney.Coe@PrismaHealth.org or 864-455-3915 with related questions or to register.
